# Where Would You Work?

Choose a career that you would like to research. You will use CIS or other resource to compare three localities within your state on the following information: Present Employment, Average Salary, and Job Outlook.

My chosen career

is \_\_\_\_\_

My three localities that I am comparing are:

Location 1 \_\_\_\_\_

Location 2 \_\_\_\_\_

Location 3 \_\_\_\_\_

Location 1

Location 2

Location 3

Present Employment

Average Salary

Job Outlook

Where would you choose to work?

What would be your opportunity cost (the next best choice)?

Write a compare and contrast paragraph of what the similarities and differences are from the information gathered. Write another paragraph explaining why you would choose to work in that locality.
