Business Management**

Choose one of the companies you bought during the Stock Market Game. Go to the company's web site and find an online copy of their annual report. In the report find the financials. From the financial statements answer the following questions.

Which financial statements does the company present in their annual report?

Where do you find Net Income in the financial reports? What is your company's Net Income for the period reported?

We have talked about Earnings per Share. What is your company's EPS?

How many shares of stock does your company have outstanding? Where did you find this information?

Did your company declare dividends this past year? Where did you find this information?

Identify the amounts of the following and where you found them.

Item	Amount	Financial Statement
Current Assets		
Fixed Assets		
Current Liabilities		
Retained Earnings		
Cost of Goods Sold		
Gross Profit
