

A bRight Idea
 I choose my behavior. I make the best choices when I deliberate about important factors.

This form is designed for a student to analyze a situation. It consists of a horizontal chain of five rounded rectangular boxes connected by lines. The first box is labeled 'Situation', the fourth is 'Action', and the fifth is 'Consequences'. The second and third boxes are empty. Below the second empty box is a smaller, empty rounded rectangle. Below the third empty box is a larger, double-bordered rounded rectangle. Underneath each of these four boxes (the second, third, fourth, and fifth) are five horizontal lines for writing.
